32 oz. pump bottle	12-544-105	\$ 25.49
Case 8	12-544-105CS	\$ 170.33
GEL	Part No.	Each
4 oz. traveler	14-379-30	\$ 4.92
Case 24	14-379-30CS	\$ 93.30
16 oz. pump bottle	14-379-31	\$ 11.56
Case 12	14-379-31CS	\$ 114.19
32 oz. pump bottle	14-379-34	\$ 17.54
Case 12	14-379-34CS	\$ 177.63

#### This flu season could be worse\*.

Each year in the United States, on average, more than 200,000 people are hospitalized and 36,000 people die from seasonal flu complications.

This year, there is a new and very different influenza virus causing illness called 2009 H1N1. CDC expects both 2009 H1N1 flu and seasonal flu to cause illness, hospital stays and deaths this season and is preparing for an early and possibly severe flu season.

### Industrial-Grade Surface Sanitizers

#### Decon Cidecon® Surface Sanitizers

- Broad spectrum efficacy against bacteria, viruses and fungi
- Clean, disinfect, and deodorize in one-step
- Wipes meet OSHA blood-borne pathogens standard, EPA reg.
- Foam clings to vertical surfaces allowing longer contact time

WIPES or SPRAY	Part No.	Each
Pop-Up Canister, 65 wipes	04-355-82	\$ 32.78
Spray Foam, 20 oz aerosol	04-355-93	\$ 11.92

#### Help Prevent the Spread of the Flu\*:

1. Always cover your nose and mouth with a tissue when you cough or sneeze. Throw the tissue in the trash after you use it.
2. Wash your hands often with soap and water. If soap and water are not available, use an alcohol-based hand rub.
3. Avoid touching your eyes, nose and mouth. Germs spread this way.
4. Try to avoid close contact with sick people.
5. If you are sick with flu-like illness, the CDC recommends that you stay home for at least 24 hours after your fever is gone (without the use of a fever-reducing medicine) except to get medical care or for other necessities.
6. While sick, limit contact with others as much as possible to keep from infecting them.
7. Follow public health advice regarding school closures, avoiding crowds and other measures to keep our distance from each other to lessen the spread of flu
